

Workshop Agenda: The Triangle Flow-Biofilm-Sediment

*Institute for Modelling Hydraulic and Environmental System, IWS
University of Stuttgart
Stuttgart, June 12, 2018*

Room: Seminar 2: 1.002

Language: English

Sponsor: Water Research Network Baden-Württemberg

Financed by Ministry of Science, Research and Art Baden-Württemberg

Workshop Program (Tuesday, 12 th June)	
09:00 – 09:30h	Registration, Welcome and Review of the Workshop Agenda
09:30 – 10:15h	Keynote # 1: Jochen Aberle (TU Braunschweig) <ul style="list-style-type: none"><i>The near bed turbulent flow field over rough surfaces</i>
10:15 – 11:00h	Keynote # 2: Sabine U. Gerbersdorf (University of Stuttgart) <ul style="list-style-type: none"><i>Microbial Engineers at the sediment-water interface</i>
11:00 – 11:15h	Coffee break
11:15 – 12:00h	Keynote # 3: Dirk De Beer (Max Planck Institute for Marine Microbiology) <ul style="list-style-type: none"><i>Flow and diffusion in biofilms</i>
12:00 – 12:45h	Keynote # 4: Kristina Terheiden (University of Stuttgart) <ul style="list-style-type: none"><i>Rheometric characterization of aquatic sediments</i>
12:45 – 14:00h	Lunch
